

# MICROSOFT HEALTH SOLUTIONS GROUP

HealthVault.com Style Guide  
Version 1.0

# INTRODUCTION

The goal of the new HealthVault.com is to increase sign-up of Microsoft HealthVault by providing a relevant and compelling story. The site is designed to show HealthVault as part of a lifestyle that is aspirational, but still attainable, while elevating the emotional benefits of using HealthVault.

All design decisions are strategic and have been made to ensure the content is streamlined, benefit statements are clear and concise and the overall look of the site is inviting, warm, and alive which allows the target audience to make the important decision about whether HealthVault is something they want to make a part of their life.

This document should guide design decisions made during the creation of the live site and any future pages in order to create a cohesive site-wide style.

# COLOR

---

## Color: Global

---

These colors are present on each template and are consistent across the entire HealthVault.com site.

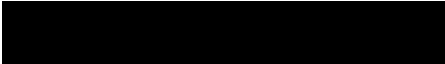

<b>NAME</b>	<b>USAGE/LOCATION</b>	<b>SPECIFICATION</b>	<b>EXAMPLE</b>
Black	Headlines, Logo, Dividing Rules	#000000	
Gray	Body Copy, Dividing Rules	#666666	
Light Gray	Page Background	#EEEEEE	
Blue	Links and Modules	#1BB8F3	

---

## Color: Section Specific

---

These colors appear *only in specific sections* of the HealthVault.com site. They should be used, as specified below, for the main navigation's hover state, page titles, and drop down menu only.

SECTION	NAME	SPECIFICATION	EXAMPLE
News Page	Primary	#000000	
Track & Connect	Blue Primary Blue Secondary	#00ADD0 #0046AD	
Get Healthy	Purple Primary Purple Secondary	#A44DC4 #7C109A	
Tools & Devices	Green Primary Green Secondary	#3F9C35 #007934	
Organize	Light Green Primary Light Green Secondary	#C9DD03 #69BE28	

# TYPOGRAPHY

---

# Typography Styles

---

These typographic elements are consistent across the entire HealthVault.com site. These styles can be captured in a global style sheet and amended as needed to accommodate specificities on a template by template basis.

STYLE	USAGE/LOCATION	TYPE SPECIFICATION	EXAMPLE
Nav 1	Navigation & Footer	Segoe   Bold   16pt   “Black”	<b>Lorem Ipsum</b>
Nav 2	Navigation Drop Down & Footer	Segoe   Regular   16pt   “Black”	Lorem Ipsum
Title	Page Title & “Account”	Segoe   Regular   48pt   Various	<b>lorem</b>
Title Sub	Page Title Descriptor	Segoe   Regular   16pt   “Gray”	Lorem Ipsum
Section Title	Sub Section Titles	Segoe   Regular   26pt   “Black”	<b>Lorem Ipsum</b>
Head	Section Intro Headline	Georgia   Regular   26pt   “Black”	<b>Lorem Ips</b>
Body	Body Copy & Right Top Nav	Arial   Regular   13pt   “Gray”	Lorem Ipsum
News Date	News Article Date	Georgia   Italic   12pt   “Gray”	<i>Lorem Ipsum</i>
Link	Links	Arial   Bold   13pt   “Blue” <i>Hover state should follow shell.</i>	<b>Lorem Ipsum</b>
Right Rail Head	Right Rail Headlines	Segoe   Regular   30pt   Various	<b>Lorem Ips</b>
Right Rail Body	Right Rail Body & Social Links	Segoe   Regular   16pt   Various	Lorem Ipsum

# Template 1

The image shows a screenshot of the Microsoft HealthVault website with various design elements annotated. On the left, a list of labels is connected to specific parts of the page by pink lines. On the right, a blue box highlights a 'sign up for your free account!' button and a 'What is HealthVault?' section, with a label pointing to it. The website layout includes a top navigation bar, a main content area with a 'news' section, a list of news items, and a footer with additional navigation and a sign-up button.

**Nav 1** (points to top navigation bar)

**Title** (points to 'news' section title)

**News Date** (points to 'November 12, 2010' date)

**Head** (points to main article headline)

**Body** (points to main article text)

**Link** (points to 'Watch Now' link)

**Section Title** (points to 'source:' dropdown menu)

**Body** (points to first news item text)

**Head** (points to second news item headline)

**News Date** (points to second news item date)

**Body** (points to second news item text)

**Link** (points to second news item 'Read More' link)

**Nav 1** (points to footer navigation bar)

**Nav 2** (points to footer navigation bar)

**Body** (points to 'sign up for your free account!' button)

**Type Styles Defined in Module Section** (points to 'What is HealthVault?' section)

# Template 2

The screenshot displays the Microsoft HealthVault website interface. At the top, the Microsoft HealthVault logo is on the left, and navigation links for 'news', 'help', and 'sign in' are on the right. Below the logo, there are four main navigation categories: 'track & connect', 'organize', 'get healthy', and 'tools & devices'. The 'organize' category is currently selected and highlighted in green. A search bar is located in the top right corner.

On the left side of the page, there are four annotations with pink lines pointing to specific elements:

- Title**: Points to the 'organize' header.
- Title Sub**: Points to the sub-header text below the 'organize' header.
- Head**: Points to the main heading of the first article, 'Store all of your medical records in one place. Lorem ipsum dolor'.
- Body**: Points to the main text of the first article.
- Link**: Points to the 'Read More' link below the first article.

The main content area features three articles, each with a placeholder image and a 'Read More' link:

- Article 1:** 'Store all of your medical records in one place. Lorem ipsum dolor. Donec nec justo eget felis facilisis fermentum. Aliquam porttitor mauris sit amet orci. Aenean sit diglore nissim pellentesque felis. Donec nec justo eget felis facilisis fermentum. Aliquam porttitor mauris sit amet orci.' Read More
- Article 2:** 'Make sure you are prepared in the event of an emergency. Lorem ipsum. Donec nec justo eget felis facilisis fermentum. Aliquam porttitor mauris sit amet orci. Aenean dignissim pellentesque felis.' Read More
- Article 3:** 'Simplify so you can take care of your family better. Lorem ipsum dolor. Donec nec justo eget felis facilisis fermentum. Aliquam porttitor mauris sit amet orci. Aenean dignissim pellentesque felis.' Read More

On the right side of the page, there are three additional sections:

- Sign up for your free account!**: A blue box with a 'sign up' button.
- What is HealthVault?**: A section with the text 'Well, it's a cloud based data storage system for all things Health.' and a 'See How It Works' link.
- Share with Friends**: A section with social media icons for Facebook, Twitter, and Evernote.

At the bottom of the page, there is a footer with the Microsoft HealthVault logo on the left, a grid of links for 'track & connect', 'organize', 'get healthy', and 'tools & devices', and a blue box on the right that says 'this thing isn't getting any free-er' with a 'sign up' button. The footer also includes 'Contact Us | Industry Partners | Terms of Use | Trademarks | Privacy Statement' and the Microsoft logo.

Link

The screenshot displays the Microsoft HealthVault website. At the top, there is a navigation bar with the Microsoft logo and links for 'news', 'help', and 'sign in'. Below this is a secondary navigation bar with categories: 'track & connect', 'organize', 'get healthy', and 'tools & devices'. The main content area features a large 'track & connect' section with a sub-header 'Track Prescriptions' and a paragraph of placeholder text. To the right of this text is an image of several pills. Below the text is a testimonial for Steve, with a photo of a man and a blue button that says 'See How Margaret Uses HealthVault'. Underneath is a 'Participating Pharmacies' section with four logos: Walgreens, MyMedLab, Mayo Clinic Health Manager, and My Diabetes Health Assessment. Each logo has a corresponding 'Learn More' button. On the right side of the page, there are three vertical panels: 'Sign up for your free account!' with a 'sign up' button, 'What is HealthVault?' with a 'See How It Works' link, and 'Share with Friends' with icons for Facebook, Twitter, and Evernote. At the bottom, there is a footer with a grid of links for various services and a final 'sign up' button.

# Horizontal Grid

The horizontal spacing has been designed on a 12 column grid that allows content to be organized, but still flexible. The following diagrams illustrate how content aligns to the grid using colored bars to represent column width and gutter spacing measurements. The right rail modules have been designed as separate units that align to the grid as one cohesive block.

Track Prescriptions  
Your medications are meant to help you get well and maintain good health, but you should keep a close eye on what you're taking. If you or someone you're caring for takes multiple medications, HealthVault can help you keep track of your prescriptions. You can use the information to check for possible interactions or cumulative side effects that could affect your health.  
The first step is to get your prescriptions into HealthVault. If you work with a HealthVault-connected pharmacy—like CVS Caremark or Walgreens—it's quick and easy to import your prescription history. You can also enter your medications by hand, including any over-the-counter products that you'd like to include.  
With all of your medications in one place, it's easier than ever to share them with your health care providers to make sure that everyone's on the same page. Plus, you can connect with online health tools like Medication Risk Maps to check your regimen for drug interactions and side effects.
